# OSTIARY

WE GOT YOUR ENTRANCE COVERED

You no longer need a person to do temperature checks, see if wearing masks and control access based on the identity and more...
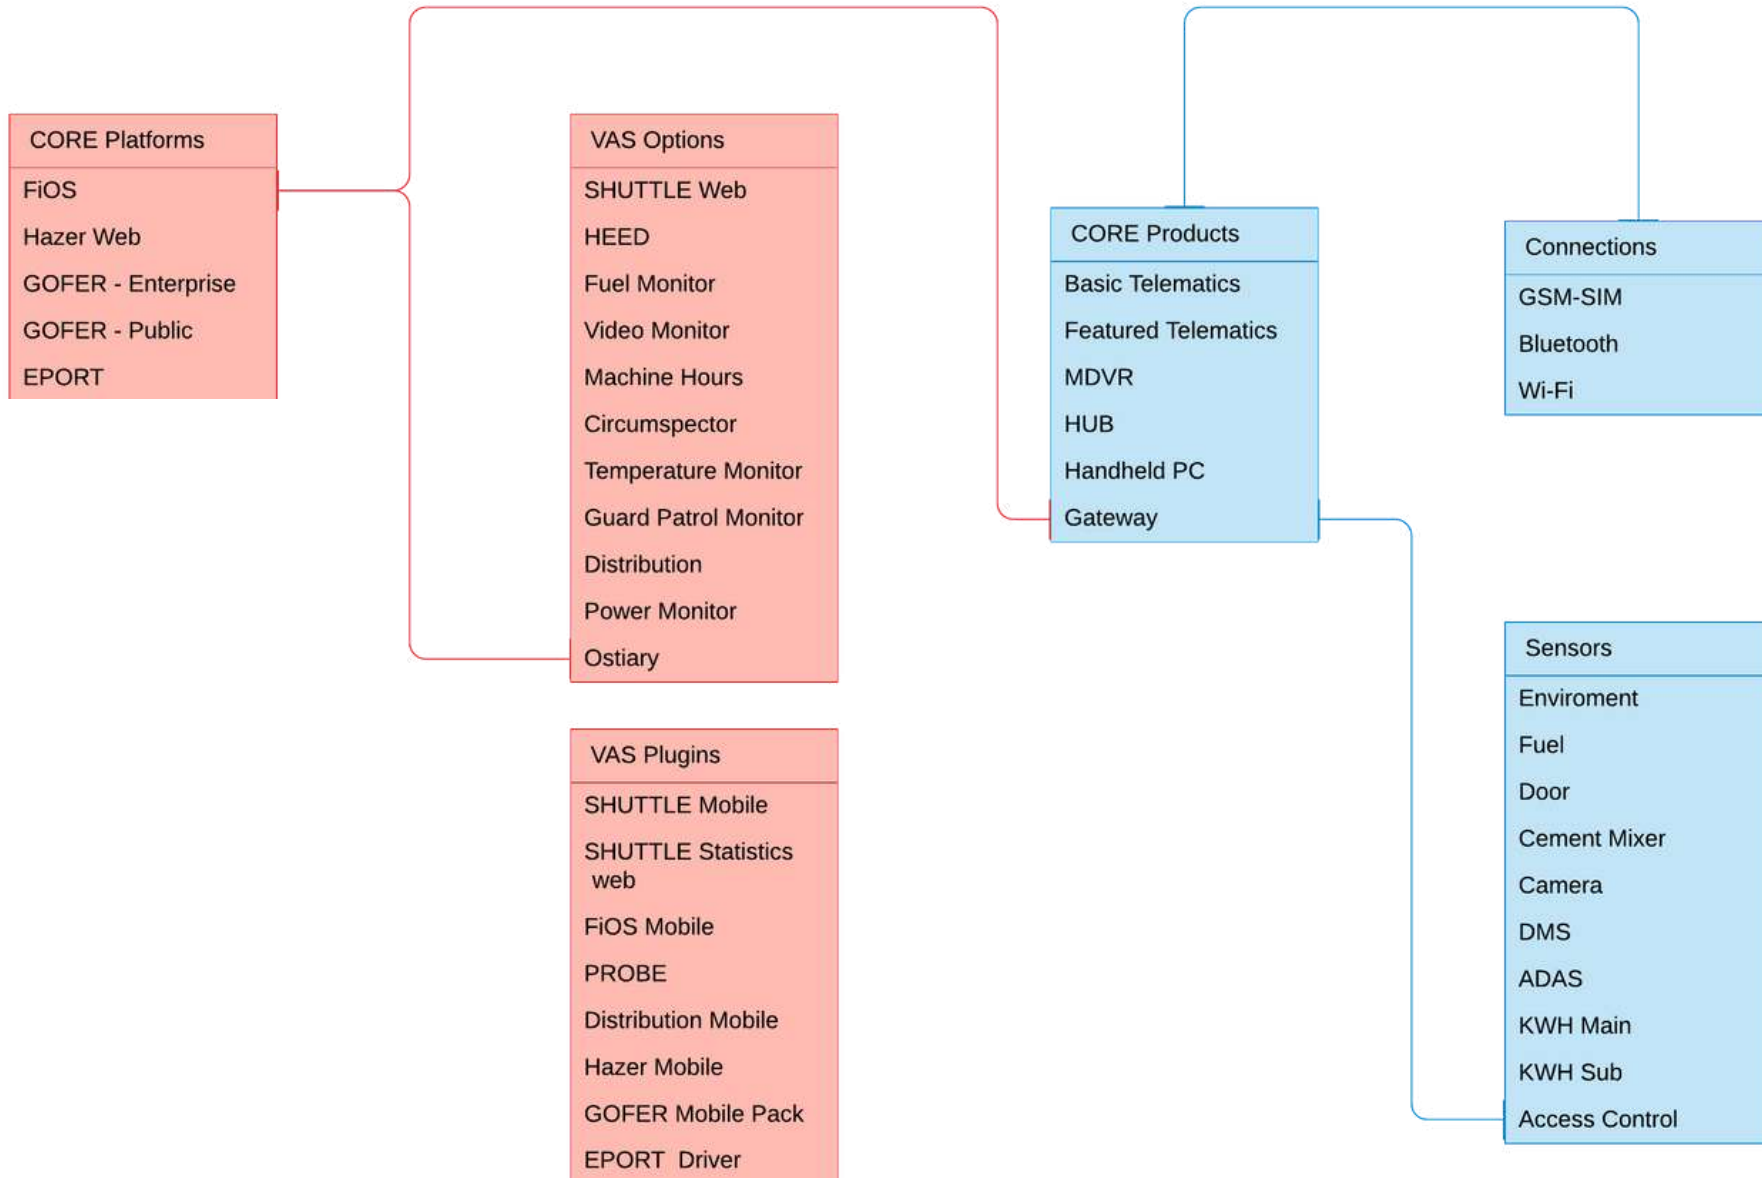

KLOUDIP OSTIARY will take care of it for you much more accurately than a human!

- EPORT Driver

Sensors
- Enviroment
- Fuel
- Door
- Cement Mixer
- Camera
- DMS
- ADAS
- KWH Main
- KWH Sub
- Access Control

Key Benefits

- High speed thermal camera to capture temperature even when several people approach at once.
- Contactless face detection technology for identification for attendance recording and access control.
- Face detection capability when wearing mask.
- Detect and warn when not wearing a mask.
- Contactless and fool-proof attendance recording.

- Capability to cluster multiple units and coordinate access.
- Remote monitoring and reporting capability via KLOUDIP FiOS telematics platform.
- Detailed record of individual temperatures, time, if they were wearing a mask and more.
- Capability to take action centrally and instantly when violate policy.

No more risk of dependancy on a security guards decision for your safety...
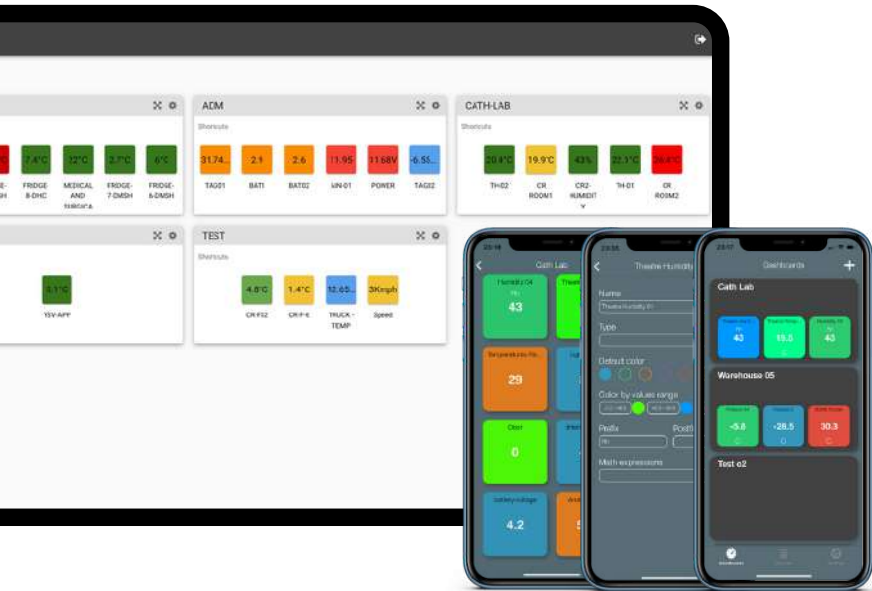

A perfect tool for business data analysis and visualization - Syncronize all data to a central point for accurate and timely decision making with absolutely no room for human error. KLOUDIP Telematics platform will make available the vital data at your finger tips.

Detects if not wearing a marks.

Checks body temperature at 1m distance.

Contactless attendance recording.

High-speed data capture.

Identifies person while wearing a mask.

High-speed reading when person pass by.

Access control feed.

Data available via KLOUDIP Telematics platform.

All-In-One Solution - OSTIARY unlike many other conventional solutions is a single contactless fool proof interface. As a result data are available to access instantly from anywhere and interfaces are syncronized when multiple units are deployed in order to precisely manage access.
